

COMMUNITREE
reconnecting people of all ages with nature

CURRICULUM DAY SCHOOL TRIPS

*Some topics are best
discovered in the
Great Outdoors!*

Enchanted Forest

CURRICULUM DAY

Storytelling that connects children with nature and helps them begin to understand the basic systems of the woodland. Enjoy making nature crafts, using natural materials to make nature crowns and journey sticks. The day is also filled with lots of nature play based fun.

How does your garden grow?

CURRICULUM DAY

Storytelling to learn about the basic systems in a woodland. Learn about pollination, the role of soil, sunlight and water. Join in with nature games that encourage learning in a fun and playful way and nature craft activities so children create something special out of natural materials to help them internalise their learning.

The Stone Age

CURRICULUM DAY

COMMUNITREE
reconnecting people of all ages with nature

Live the life of a stone age child; forage for food, water and medicine, learn how to erect a shelter and make a bow. Storytelling throughout the day helps children learn in a creative and magical way.

The Anglo Saxons

CURRICULUM DAY

COMMUNITREE
reconnecting people of all ages with nature

Learn about life as an Anglo-Saxon Child; enjoy the achievement of lighting a fire, baking bread on a campfire and sailing your very own boat.

Survival

CURRICULUM DAY

COMMUNITREE
reconnecting people of all ages with nature

Do we still have the character and resilience to survive in the wild? Spend the day learning about survival traits, adaptation, predators and prey while also making shelters, foraging for food and medicine and making your own fire.

Rivers

CURRICULUM DAY

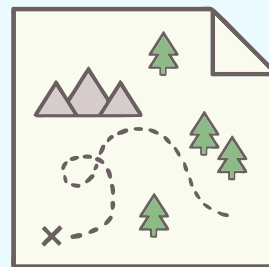

COMMUNITREE
reconnecting people of all ages with nature

Our rivers day helps children learn about the scientific basis of rivers while also engaging with poetry, nature art and small boat building. All hosted on the River Irwell.

Mapping

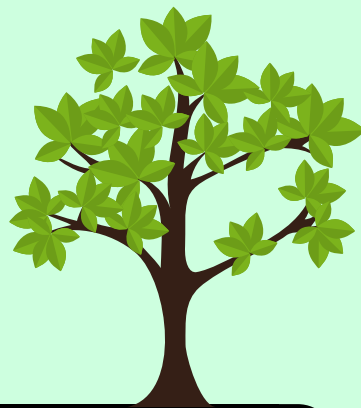

CURRICULUM DAY

Leaving behind the traditional mapping sessions of orienteering we embark on a day of magical and wonderful pirate play! Play pirate games, build a pirate ship from natural materials, make treasure and treasure maps before hiding them for other teams to track down!

Great Outdoor Play Day

CURRICULUM DAY

A day filled with lots of outdoor play based learning. Build dens, climb trees, play in the mud, listen to stories, swing in a hammock, create nature art, picnicking in the glade and playing lots of nature games.

Habitats

CURRICULUM DAY

Learn about how different habitats support life. Explore the pond, the log piles, the long grasses, under stumps and in the trees, all in search of woodland creatures. Using natural clay, we create our own animals and make suitable habitats for them in the woods.

Magical Storytelling

COMMUNITREE
reconnecting people of all ages with nature

CURRICULUM DAY

A day filled with magical storytelling and nature art activities. This day is aimed to help children reconnect with nature and help them leave with a sense of magic and wonder feeling inspired and enthused to head off on their own adventures and create their own stories.
